THE FOURTH EDITION OF WHITE GUIDE NORDIC HAS ARRIVED
– featuring 341 of the region’s best restaurants

Today we celebrated the launch of White Guide Nordic 2017-18 in Copenhagen with a trend seminar, presentation and gala dinner. We were joined by more than 200 journalists and restaurant professionals. This is the fourth edition of the guide, and presents the 341 best restaurants in Denmark, Sweden, Norway, Finland, Iceland, the Faroe Islands and Greenland.

The list is topped by Geranium in Denmark, followed by Esperanto, then Fäviken Magasinet in Sweden and Maaemo in Norway, and at no. 5 we have Søllerød Kro in Denmark, up from its former spot at no. 11.

The following restaurants are new entries on the Top 30 list since the third edition of the guide:

20. Kontrast, Oslo, Norway 37/88
22. Hotel Frederiksminde, Praqsta, Denmark 37/83
25. Ekstedt, Stockholm, Sweden 36/88
26. Amass, Copenhagen, Denmark 36/87
26. Bhoga, Gothenburg, Sweden 36/87

The restaurant scene in the Nordic countries is currently growing exponentially. This edition of the guide contains 16 more restaurants than the last one, with 61 restaurants in Finland, 65 in Norway (including Svalbard), 104 in Sweden, 95 in Denmark (including 2 in Greenland and 5 in the Faroe Islands) and 16 in Iceland. There are newcomers in every country: 20 in Denmark and 1 in the Faroe Islands, 1 in Finland, 3 in Iceland, 14 in Norway, and 20 in Sweden.

For Denmark and Sweden, all of the restaurants in the Global Masters, Masters and Very Fine Levels – with a minimum of 71 points in total and 29 food points – are included in the book. For Finland and Iceland, all reviews with a minimum of 60 points have been included, and for Norway the bottom line is a minimum of 67 points. The reviews and points in the book for the Swedish restaurants are identical with the national guide (released earlier this year) with the exception of a few newly opened restaurants. The complete Danish guide will be launched later this year.

The White Guide Nordic is sold through established channels and distributed via partners. In addition to the printed guide and website (whiteguide-nordic.com), you can also download the app, containing complete reviews in English as well as an interactive map, at the App Store as of 6 p.m. (18:00 CET) June 26th.

Quotes

"Today you can see that many countries around the world are boosting their domestic restaurant and food scenes by applying the principles of the New Nordic manifesto. It works beautifully, because innovation based on local preconditions can be practiced anywhere. That’s why the New Nordic has now become the New Global, and the world is a much better place as a result – more interesting, and more sustainable,” says Lars Peder Hedberg, Publisher, White Guide.

"With the increase in competition, the quality of restaurants in the guide has never been better. The innovative preparations of native plants and indigenous species, along with the increased focus on vegetables and sustainability firmly place the Nordic region on the cutting edge of gastronomy today,” says Cole Ruth, English Editor, White Guide Nordic.

About White Guide

White Guide has been the leading restaurant guide in Sweden since 2005 and was launched in Denmark in early 2014. These guides cover over 900 restaurants in the two countries, promoting continuous development in the world of gastronomy in this dynamic region.

The White Guide Nordic 2017-18 is a comprehensive restaurant guide in English covering the best restaurants in Denmark (including the Faroe Islands and Greenland), Sweden, Norway (including Svalbard), Finland and Iceland. This fourth edition has been moved up to a pre-summer launch to better serve the season’s insatiable gastro-tourists.
THE TOP 30 NORDIC LIST

The first number in the numerical pair to the right of each restaurant specifies the number of food points out of a possible 40. The second number indicates the restaurant’s total out of 100 possible. Restaurants rated as Global masters level and Masters level are ranked according to their food total and then their overall total.

With almost 100 Masters level restaurants, the Nordic countries offer a wide variety of excellent culinary experiences. The Top 30 are all in the Global masters category and they include some of the best restaurants in the world, with chefs who are on the forefront of global gastronomy today - and most likely will be tomorrow.
