## GET A TASTE OF THE LATEST FROM THE NORDIC REGION

The fourth edition of the White Guide Nordic will be released on Monday the 26th of June – just in time for summer. Featuring 341 restaurants in Denmark, Finland, Iceland, Norway, and Sweden, it is the single most comprehensive guide to the region's restaurants.

Right now the Nordic countries are exploding with new and excellent places to eat – which explains why we have so many newcomers this year: 20 in Denmark, 1 in the Faroe Islands, 1 in Finland, 3 in Iceland, 14 in Norway, and 21 in Sweden.

As always, we've travelled as far north as transportation will carry us – to Greenland (2 entries), the Faroe Islands (5 entries) and Svalbard (2 entries). Since we've moved the launch of the guide from the fall to early summer, some of these reviews will only be available online.

The launch of the 2017-18 edition of White Guide Nordic will be held in Copenhagen on June 26th. The guide will be sold through established channels, in addition to being distributed via partners. Besides the printed guide, e-book and the website ([www.whiteguide-nordic.com](http://www.whiteguide-nordic.com)), users can access the restaurants on our app, available from the iTunes App Store: <https://appsto.re/se/YxjP-i>

With White Guide Nordic at your fingertips you can easily pick out exciting culinary experiences for your next trip, whether you're looking to try cutting-edge Nordic cuisine or good old-fashioned comfort food, vegetarian or meat-focused menus, old classics or international hotspots. All entries include an informative review based on recent visits by our reviewers, with a rating based on food, service, beverages and ambiance – and of course all the factual information you need to get there.

Our team of more than 80 reviewers continually visit, assess and re-assess restaurants. The restaurants are always booked under false names – and White Guide always pays the bill. That makes us well-informed – and, above all, independent. That independence is fundamental to our rating process, as is the doctrine of transparency in our reviewing system.

The White Guide has been the leading restaurant guide in Sweden since 2005 and was launched in Denmark in early 2014.

The guides cover over 900 restaurants in the two countries, promoting continuous development in the world of gastronomy in this dynamic region. The first edition of the White Guide Nordic was released in 2014.
